ConicalAir SiloVent

ProSpare

ProSpare supply a range of filters specifically designed for silo venting applications. ConicalAir filters offer superior strength, lower operating costs and safe, user friendly operation through excellent design, quality engineering and site proven reliability.

ConicalAir CSV silo venting filters incorporate unique conical filter cartridges which offer distinct advantages over traditional filter elements. The conical design reduces dust approach speed and promotes more even media cleaning to extend cartridge life.

Low operating costs

Exceptionally strong

Durable and weatherproof

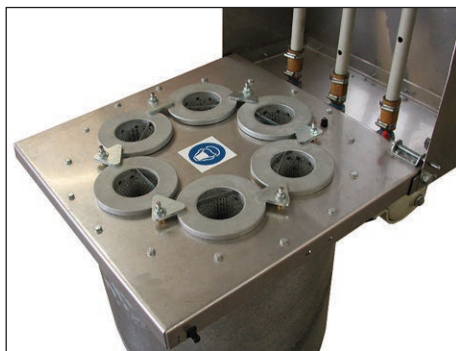

Environmentally friendly

Simple to install

Small footprint

Full EPA compliance <10mg/m³

High temp version

Hinged weather cowl for user friendly access to cartridges. Unique clamping system allows cartridge removal with no loose components and superior sealing.

Innovative conical cartridges offer low replacement rates. Re-usable inner core with separate incinerable filter media for maximum economy and environmental efficiency.
